    class Fragment
    class LocationListener
    class antardhvani_du_ac_in_Map_Map["antardhvani.du.ac.in.Map.Map"]
    antardhvani_du_ac_in_Map_Map --|> Fragment
    antardhvani_du_ac_in_Map_Map --|> LocationListener
```

The diagram illustrates a generalization relationship. A box labeled 'antardhvani.du.ac.in.Map.Map' is positioned below two other boxes, 'Fragment' and 'LocationListener'. Two arrows originate from the top of the bottom box and point upwards to the bottom of the 'Fragment' and 'LocationListener' boxes, indicating that 'antardhvani.du.ac.in.Map.Map' is a specialized version of both 'Fragment' and 'LocationListener'.
